

Welcome to Brick!

We're big believers in residential real estate as a great way to build long-term wealth and want to make it easy for anyone to own become a real estate owner, even if you live in areas where real estate is crazy expensive.

THESE ARE THE DRIVING PRINCIPLES BEHIND OUR PLATFORM:

Everyone Should Have a Flexible Way to Invest in Real Estate

Owning Real Estate Shouldn't Require Large Amounts of Personal Debt or Cash

Ownership is the Long-Term Goal, Not Property Oversight

Here's How Ownership with Brick Works:

Build Your Real Estate Persona

For example, do you like to swing for the fences or hit singles and doubles? Are you looking to go deep into one property or spread the love over a few different houses? Are there any geographies you're really into or areas you'd never want to own a house in?

Review Potential Property Matches

Based on your profile, we'll suggest potential properties that either Brick or one of its members would be willing to sell. You can check out all the details, including 3D property tour, photos, and analyses of the projected house financials, neighborhood and overall market.

Select and Execute Your Purchases

If any of the suggestions seem like a good fit for you, let us know how much you'd like to purchase in each property and we'll send you the appropriate legal documents for you to review and sign digitally. Properties are held in LLCs, so you'll be purchasing an ownership interest in the LLC that holds your particular property.

Keep Tabs on Your Portfolio

After your purchases are complete, sit back and we'll get to work managing and maintaining the property. Your owner dashboard will show all your holdings in real-time, and we'll also send you monthly updates on all your properties to keep you up to date with any news on the properties and/or market changes.

Build Your Portfolio Over Time

As new properties come available that meet your criteria, we'll reach out and see if you have any interest in those. Similarly, if you ever decide you want to sell any of your property shares, let us know and we'll help you find buyers for your ownership interests so you can cash out.
